

~ 1D musical ~

We won the best parade! It was a happy and meaningful experience. I will never forget it.

Classmates were all strange to each other before because we've come to this school for a short period. It was very hard to call everyone to come back on one day. Therefore, sometime we needed to practise respectively. Also, somebody went travelling and I was worried that they couldn't follow. At last, they did.

it!

Doing art work was not an easy job too! May and I called someone to help drawing the T-shirt at my home during holiday, anyway, it was fun!

Dancing was the most difficult part since everyone's action should follow the right beat. The terrible thing was music in the CD wasn't loud enough. But I was happy that we all tried our best!
