## My Reflection : (150+)

- > Hip, Hip, Parade! 2C is a big family with care and love!
- > We are 2C students, we study hard because we care and love!

I enjoy the parade show very much. I like the theme of our class, care and love. We got a prize called Most

Cooperative Class Award. I felt very happy that we could get the prize

During the practice, I want to give up because I found that handled a team was very difficult. Sometimes we may have

different ideas. When the animals felt tired. They didn't put their heart to practice. I will feel upset. When I

asked them to practice. They said, 'You try to be animals too!'

Oh! when I heard this, I felt a little bit disappointed with 2C!

How come 2C students didn't show their care and love?

Where is the care and love?

Responsibility!  
relaxable!

After one week practice, they got much improvement. I want  
to say thank you to Bourbon, Christy, Amy, Mike and Johnny  
Ce & J artist.

They helped me a lots. Bourbon: Give me a chance to be a  
manager and being a successful manager is extremely difficult.  
but you're m

Christy: When I leave Hk, you helped me to handle whole  
2c. I thought that you felt a little bit upset when you handle

them. Never mind! Christy, you can do it! 😊  
I love the masks!

Amy: Made a lot of beautiful masks who care and love me  
always

Mike: I don't know how to describe you in the parade but  
also thanks for your rapping part! 🎵

Johnny: Good! Also helped me a lots when I leave Hk

After this parade, I found that 2c can be the best  
class because we care and love! 😊
